

the difficult airwaycourse™ ANESTHESIA

Thinking about Clinical Practice Improvement?

REGISTER TODAY for this advanced CME program to improve your practice in these high risk areas:

- When and how to use awake intubation in the difficult airway
- Identify and successfully manage the failed airway – with emphasis on open cricothyrotomy
- When and how to use the airway exchange catheter to facilitate safe extubation of the difficult airway patient
- Team leadership and human factors in airway-related crises
- Code Airway Simulations to consolidate your newly-learned skills

**Pre-Course
Lung Separation Workshop!**

Visit theairwaysite.com for details.

“First day back to work and already used two things I learned in your course.”

David Crumley, MD,
Cedar Rapids, IA

The Lung Separation Workshop has been prior approved by the **American Association of Nurse Anesthetists** for **3.50 Class A CE credits**; Code Number 1035532;
Expiration Date 11/11/2018.

Participants in the ANZCA CPD program may claim this CICO course as an emergency response activity in their CPD portfolio. Recognition Code: ER-14-CICO-087.

About Us

Airway Management Education Center was founded by Michael F. Murphy, MD, Ron M. Walls, MD and Robert C. Luten, MD in 1998. Since then, over 30,000 medical providers have taken The Difficult Airway Courses. Our faculty are renowned experts in airway management with an impressive portfolio of research and publications. They share an unparalleled passion for teaching, which translates to an extraordinary learning experience.
