

the difficult airwaycourse™

RESIDENCY EDITION

Milestone and Evidence-Based Airway Curriculum for Residency Programs

BENEFITS OF PARTICIPATION

- **Patient Safety:** Develop each resident's ability to predict and manage the difficult airway, and help them avoid the pitfalls of inexperience.
- **Milestones:** Help your residents achieve key airway milestones in a safe learning environment.
- **Definitive Education:** Provide the best airway education available. Time-tested and physician-approved for over 18 years — now available for residents!
- **Faculty Development:** Help your faculty achieve their training needs — included with membership!

Jacksonville, FL

Use the gold-standard
airway curriculum in
YOUR residency program!

See reverse for details.

**“100% recommend this curriculum.
Our residents now all speak
the same airway language, and
providers outside the department
are commenting on how effectively
they manage the airways of
critically ill patients.”**

Jo Anna Leuck, MD, Texas

Customizable for multiple specialties, including
***Emergency Medicine, Critical Care,
Internal Medicine*** and more!

Two Great Options for One Great Curriculum

Choose the option that best meets your needs:

1 **Program Membership**

The curriculum can be taught by your own faculty as a one-day airway course or you can offer multiple airway sessions throughout the year. Get maximum flexibility and affordability with this option!

2 **Hosted Course**

Airway Management Education Center faculty can come to your location to teach a complete one-day course. We will take care of everything. Get maximum convenience with this option!

About Us

Airway Management Education Center was founded by Ron M. Walls, MD, Michael F. Murphy, MD, and Robert C. Luten, MD in 1998. Since then, almost 30,000 physicians and advanced medical providers have taken The Difficult Airway Courses. Our faculty are renowned experts in airway management with an impressive portfolio of research and publications. They share an unparalleled passion for teaching, which translates to an extraordinary learning experience.
